

CENTRAL POINT APARTMENTS

The school has its own block of 38 one and two bedroom apartments located on Nguyen Van Thu Street in the centre of Ho Chi Minh City. The apartments:

- Were purpose built in 2002
- Are spacious
- Are furnished to a high standard
- Have cable TV and internet access in each apartment
- Have 24 hour security
- Have laundry facilities
- Are within a short walk or taxi ride of a whole variety of cafes, shops, bars and restaurants
- Have a free bus service to and from school each day

It is normally recommend that new single teachers and married couples without children live initially in Central Point, although we do not insist on this. Towards the end of each school year the school considers requests from teachers who would like to move out of the apartments.

Teachers with dependent children are normally provided with a villa in one of the residential areas near the school.
